. . . we proudly present the
1955 ULATIS . . . a pictorial
record of a year at Vaca Hi.

For the first time in several
years your yearbook has been
produced on a completely ex-
tra-curricular basis. We have
not felt bound by any traditions
save those of quality and of do-
ing our best to put out a book
that will grow in value as the
years pass.

You will notice that we have
made an effort to tell your
story photographically as much
as possible. If mistakes have
been made they are due to hu-
man weakness, for we were
guided by one rule . . . strive
for perfection!

SUPERINTENDENT'S MESSAGE

Freedom, a soul-stirring word, may be defined as an individual's right to decide, to plan, and to act. It is achieved only through self-discipline and responsibility. This type of freedom cannot be acquired without a right to make mistakes and grow through them. It is not a gift handed to the fortunate, but rather a self-won prize for those who know how to seek and use it. As superintendent of Vacaville Union High School I am a continuing witness to this truth.

Freedom, then, is a necessity for the full development of youth's powers, especially during the second decade of life. Certainly we must set reasonable limits to the freedom of those not yet fully mature; however, we are likely to underestimate youth's strength—their capacity to go it alone.

This story of Vacaville High School, ULATIS '55, is an example of the proper use of freedom—the right to decide, to plan, and to act. The Ulati staff and the Student body deserve my sincere thanks for a job well done—for exemplifying a most worthy secondary educational objective, namely: to help students in their journey toward freedom—to a higher level of maturity.

Sincerely,

HAROLD YOUNGBLOOD
